

Grease separat. EasyClean Modular free, NS 4, Direct, 3-part, TS

Article information

Item no.: 93004-D1-R2-TS GTIN: 4026092104057 Price group: 60

Advantages

- Ideal where access is tight
- can be divided into 3 parts for insertion, for an insertion opening of max. 66 cm
- Direct disposal with the tank closed

Description

The separator for greasy wastewater is suitable for free-standing set-up in frostprotected rooms and comes without metallic components in the tank. Thanks to the modular design, the separator can be inserted even where access is extremely tight. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap. A service access cover with odour-tight cover and quick-release closures makes easy access possible for cleaning and maintenance work. A direct disposal pipe socket is available for odour-reduced manual disposal. 20 year polyethylene warranty.

Variant Sound absorption mat: Disposal variant: Protection class motor: Sludge bucket: Nominal size (NS): SonicControl: Disposal system: Refill inlet in accordance with DIN 1988: Type of disposal:	three-piece chamber Direct no no 4 no Disposal connection no manual
General characteristics Material: Standard: Installation situation: Delivery state:	PE EN 1825 free-standing installation Installation-ready (connection parts must be connected on site)
Dimensions Net weight: Gross weight: Height centre section: Height tank bottom up to centre section: Height centre section to top edge of tank: Required access area, length: Required access area, width:	120 kg 138 kg 500 mm 550 mm 580 mm 1240 mm 1683 mm
