

Shower channel *Linearis Infinity 60* with mechanical odour trap *Megastop*

System 125

The narrow *Linearis Infinity* channel for walk-in showers is suitable for indoor linear drainage for household and commercial use. The channel profile made of AISI 316L stainless steel can be individually shortened and can be extended straight or at three (30, 45 and 90 degree) angles.

The drain body made of PP is equipped with sound and settlement absorbers. The channel contains a clip-on flange with factory-mounted waterproofing membrane to EN 1253-1 and DIN 18534-1-W3-I. The channel profile can be pushed in the lengthwise and transverse direction in the clip-on flange to level out construction tolerance. Open seepage water openings, without flooding of the waterproofing level in the event of backwater.

Including *Megastop* mechanical odour trap with water seal.
