Collection tank EasyStore free 7500 l, square, Direct

Article information

article number: 97075F4A
EAN code

Product advantages

Description

Made of durable PE, the collection tank for storing food waste is suitable for free-standing installation in frost-protected rooms and has no metal components in the tank.
Odour-tight covers with quick-release closures allow easy access for cleaning and maintenance work.

A direct disposal pipe socket is available for odourless manual disposal. The food waste collection tank also has a tapered base for quick and clean disposal. For waste disposal cycles of more than 2 weeks, we also recommend a homogenising pump for continuous circulation of the food waste to prevent build-up in the tank and ensure easy disposal.

If required, the collection tank can also be installed in individual parts and welded directly at the installation site.

Warranty on the PE material for 20 years.

General features

Material	PE
Installation situation	free-standing installation
Delivery state	Installation-ready (connection parts must be connected on site)
Scope of delivery	Storz-B coupling R 2 1/2" for disposal vehicle connection
Tightness	odour-tight

Version

Disposal variant	Direct
Shredder-Mix-System	no
Inspection window	yes
Disposal system	Disposal connection
Refill inlet in accordance with DIN 1988	no
Type of disposal	manual
Nominal volume	7500 l

Dimensions

Set-up area, length	3540 mm
Set-up area, width	2000 mm
Set-up area, height	1690 mm
Required access area, length	3400 mm
Required access area, width	2000 mm
Required access area, height	1690 mm

Coverage features

Type of cover	Cover
Cover material	Polymer
Colour of cover	violet
Locking	Quick-release closure
Tightness	odour-tight

Control

Control unit	no
