

Technology kit Aqualift S Comp GTF500 Res Mono Tronic

Article information

Item no.: 280550C-TK GTIN: 4026092107997 Price group: 20

Description

For combination with a KESSEL shell kit for creating a Mono lifting station for wastewater without sewage with a GTF500 wastewater pump.

The ready to plug in lifting station for wastewater without sewage is equipped with a submersible pump and a backflow preventer. The collection tank made of permanently resistant polymer (PE) has an open pump tank. One-handed closures enable easy removal of the integrated components. The system for installation in the floor slab is pre-assembled for final installation on site. The station is controlled by a user-friendly control unit, which is optionally integrated in the building management system using a potential-free contact or alarm and collective fault messages that can be output through a GSM interface.

KESSEL technology kit consisting of:

- Pump with multi-vane vortex impeller for maximum operating safety

- Resistant to saline media, wastewater from water softening systems and

wastewater containing condensate from heating systems

- Comfort control unit 230 V
- Optical alarm probe Pneumatic level measurement

Variant	
Type of system:	Single unit
Resistant:	Resistant to waste water containing salt, softener and condensate
Dimensions	
Net weight:	10,5 kg
Gross weight:	10,5 kg
Packaging dimension:	length
Packaging dimension:	width
Packaging dimension:	height

Pumping device Pump: Number of pumps: Connection type: Operating voltage: Protection class (pump): Temperature monitoring: Max. temperature (permanent) of conveyed material: Hot water resistance for a short time (2 min): Max. pumping capacity: Max. pumping height: Speed: Power P1: Power P2: Operating mode: Type of pump connection cable: Impeller type: Free passage: Length of mains cable for pump: Rated current: Control

Control unit: Alarm sensor: Level measurement instrument: Type of level measurement: Protection class control unit: Mains frequency: Operating voltage: Connection type: Length of mains cable for control unit: Potential-free contact: GSM interface: yes **USB** interface: yes Log book function: yes Multi-line display: yes Battery buffering: yes Self-diagnosis system (SDS): yes Type of fuse required (control unit): C 16 A
