

## Staufix drain body type 2 DN 125-200, Floor slab, black

### Article information

Item no.: 730000.15S  
 GTIN: 4026092076279  
 Price group: 10

### Advantages

- Easy conversion to StaufixControl
- Flexible installation
- Various covers available for floor slab installation

### Description

The Staufix drain body for faecal-free wastewater is equipped with two mechanical flaps which close automatically in the event of backwater. One flap serves at the same time as an emergency closure to be closed by hand. Spigot and socket in the required dimension are available as an option. Thanks to the modular KESSEL system, existing systems can easily be converted to the StaufixControl backwater valve.

#### Variant

|   |     |
|---|-----|
| Stainless steel flap as rat protection: | no  |
| Emergency closure:                      | yes |
| Mechanical backwater flaps:             | 2   |

#### General characteristics

|                         |   |
|-------------------------|---|
| Colour:                 | black   |
| Standard:               | EN 13564  |
| Nominal size (DN):      | 125-200   |
| Note on nominal size:   | Hydraulics correspond to DN 150                                 |
| Installation situation: | floor slab installation   |
| Delivery state:         | Installation-ready (connection parts must be connected on site) |
| Backwater protection:   | Type 2  |

#### Dimensions

|             |        |
|-------------|--------|
| Net weight: | 7,6 kg |
|-------------|--------|

|  |                                     |
|--|-------------------------------------|
| Gross weight:  | 10,2 kg                             |
| Groundwater resistant from lower edge of base section: | 3000 mm                             |
| Cutout dimension, width:                               | 750 mm                              |
| Cutout dimension, length:                              | 750 mm                              |
| Vertical drop between inlet and outlet:                | 8 mm                                |
| Installation depth:                                    | 341 - 464 mm                        |
| Vertical adjustment:                                   | vertically adjustable upper section |
| Length:  | 444 mm                              |
| Width:   | 444 mm                              |
| Packaging dimension:                                   | length                              |
| Packaging dimension:                                   | width                               |
| Packaging dimension:                                   | height                              |

#### Coverage features

|                  |                         |
|------------------|-------------------------|
| Type of cover:   | Cover plate             |
| Cover material:  | Polymer                 |
| Colour of cover: | black                   |
| Width of cover:  | 368 mm                  |
| Height of cover: | 43 mm                   |
| Length of cover: | 368 mm                  |
| Cover locking:   | locked                  |
| Load class:      | L 15 (EN 1253-1)        |
| Tightness:       | surface water resistant |
