

## Chamber module LW 1000 floor slab Access LW 600, 2630-2879 mm, Class D

## **Article information**

Item no.: 8740055 GTIN: 4026092065709 Price group: 60

## **Advantages**

- For modular assembly with simple connection segments and intermediate sections 250 and 500 mm high
- Innovative honeycomb structure
- Installation in groundwater up to 3000 mm

## Description

The chamber module for wet or dry installation is equipped with fitted access steps in accordance with DIN EN 13101 and BGR 177, all the necessary seals and connecting wedges as well as a taper with vertically adjustable upper section. The intermediate sections made of permanently resistant polymer (PE) have universal connection possibilities. Thanks to the modular KESSEL system, the design can be flexibly combined with intermediate sections, taper, upper section and cover.

Variant Note on installation depth:

A load distribution slab must be installed on site for load class D

| General characteristics                       |   |
|---|---|
| Colour:                                       | black   |
| Material:                                     | PE-HD   |
| Standard:                                     | EN 13598-2  |
| Installation situation:                       | underground installation                            |
| Delivery state:                               | Partly for on-site assembly (access steps have been |
|   | pre-mounted in the factory)                         |
| Approval:                                     | Z-42.1-527  |
| Dimensions                                    |   |
| Net weight:                                   | 209 kg  |
| Gross weight:                                 | 242 kg  |
| Groundwater resistant from lower edge of base | 3000 mm   |
| section:                                      |   |
| Installation depth:                           | 2630 - 2879 mm                                      |
| Type of height adjustability:                 | vertically adjustable upper section                 |
| Length:                                       | 1200 mm   |
