

Pumping station Aquapump XXL Tronic, GTK 5200-S1

Article information

Item no.: 8743045 GTIN: 4026092078136 Price group: 60

Advantages

- Maximum safety
- Flexible installation
- Also handles large quantities of wastewater without sewage

Description

The pumping station approval for wastewater with and without sewage is equipped with one or two submersible pumps, backflow preventer and shut-off valve for the pressure pipe. The collection tank made of permanently resistant polymer (PE) has an open pump tank (wet installation) with universal connection options. The KESSEL modular system provides different engineering chamber options as accessories for the further layout. Stainless steel pump removal chain available as accessory. Art. no. 680 528 = length 2 m 680 529 = length 3 m 680 530 = length 4 m 680 531 = length 5 m

Variant

Note on installation depth: Type of system: Shut-off valve: Passage seal for conduit pipe (DN): Access steps: Passage seal for ventilation pipe (DN): Installation: Rim width: Backwater protection: Pressure pipe connection: Sound absorption mat:

General characteristics Colour: in combination with a chamber module Single unit Shut-off valve made of cast iron 100 yes 100 Wet installation Control unit integrated horizontal Twin walled re-enforced pipe chamber
