

Grease separator EasyClean free NS 7, Mix, Inspection window

Article information

Item no.: 93007.31/DS GTIN: 4026092068885 Price group: 60

Advantages

- Direction of flow can be changed thanks to selfsealing interchangeable hubs
- Simple control
- Low-maintenance operation

Description

The separator for greasy wastewater is suitable for free-standing set-up in frostprotected rooms and comes without metallic components in the tank. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap and has a tapered base for fast and clean disposal. Two odour-tight covers with quick-release closures make easy access possible for cleaning and maintenance work. The innovative Shredder-Mix-System with integrated macerating system is responsible for homogenising and circulating the tank contents. Cleaning is carried out by an exterior pump which can be disconnected from the tank by a shut-off valve. After disposal, a maximum of 3 litres residual sludge volume is left in the tank. A direct disposal pipe socket is available for odour-neutral manual disposal. 20 year polyethylene warranty.

Variant	
Shut-off valve:	yes
Disposal variant:	Mix
Shredder-Mix-System:	yes
Inspection window:	yes
Nominal size (NS):	7
SonicControl:	no
Disposal system:	Disposal connection
Refill inlet in accordance with DIN 1988:	yes
Type of disposal:	manual cleaning system
Water supply:	1 screw-type valve 1"
Load-bearing capacity (DIN 19901):	F3
General characteristics	
Material:	PF
Standard:	EN 1825
Installation situation:	free-standing installation
וווסנמוומנוטוו סונטמנוטוו.	nee standing installation

Delivery state:

Scope of delivery:

Installation-ready (electrical components, connection parts must be connected on site) Storz-B coupling R 2 1/2" for disposal vehicle connection
