

Pump system Aquapump Retrofit Tronic, STZ1300-S1, level sensor

1000 mm

Article information

Item no.: STZ1300-M GTIN: Price group: 60

Description

Variant

The pump system for installation in existing collection tanks for wastewater with sewage is equipped with a submersible pump, a backflow preventer and a shut-off valve. The polymer profile (PE) is used to mount and fix the pumping station. Quick-release closures enable easy removal of the pumps. The station is controlled by a user-friendly control unit, which is optionally integrated in the building management system via a potential-free contact, or alarm and collective fault messages can be output via a GSM interface. Required minimum diameter of the on-site chamber:

Type of system: Shut-off valve: Installation: Rim width: Backwater protection:	Single unit yes Wet installation Control unit integrated
Pressure pipe connection:	horizontal
General characteristics Standard: Type of wastewater: Installation situation: Delivery state: System type:	EN 12050-2 with sewage installation in on-site collecting tank Modular set for assembly on site Tronic
Dimensions Not weight:	147 kg
Net weight: Gross weight:	147 kg 170 kg
Tank/drain body Pressure pipe connection (DN): Pressure pipe connection (OD):	50 63 mm

Pumping device

Pump control: STZ 1300 Number of pumps: 1 Connection type: coded plug Rated current: Length of mains cable for pump: Self-diagnosis system (SDS): L Protection class control unit: DSC: Max. temperature (permanent) of conveyed material: Max. pumping capacity: Max. pumping height: Speed: Power P1: Power P2: S1 Operating mode: Type of fuse required (electrical protection): Type of pump connection cable: Impeller type: Control Alarm sensor: Level measurement instrument: Type of level measurement: Protection class probe: Mains frequency: Operating voltage: Connection type: Length of mains cable for control unit: Potential-free contact: GSM interface: yes **USB** interface: yes Log book function: yes Multi-line display: yes Battery buffering: yes Self-diagnosis system (SDS): yes Max. permissible switching frequency:
