Installation example grease separator EasyClean free Direct (Source: KESSEL)

DAICEC is a multi-use development project located in the BandraKurla Complex (BKC), a commercial complex in Mumbai. Covering 75,000 square meters of prime land with 788,340 square meters of operational area, it will house a convention and exhibition center, a state of the art auditorium, a cultural plaza, serviced apartments and an office block. KESSEL has installed 15 freestanding EasyClean free Direct grease separators in 3 different nominal sizes and 23 EasyOil Ground oil/coalescence separators for the correct treatment of wastewater.

### Selection Criteria

- Use of corrosion-free material
- Individual solutions for specific room/use requirements
- Coordinated complete system of separator, lifting station and accessories from a single source
- Extensive services from the design to operation of the installation

### Products Used In Reference Object

- EasyClean free Direct
- Aqualift F XL, 300 l lifting station
- EasyOil Class II
- Aqualift F XL, 450 l lifting station
